

INT. ADJACENT ROOM

Leonard sees a purse on the table. He goes over, looks inside, sees a wallet and puts it into his pants.

Lawrence walks by in the hall and sees him.

LEONARD

You shouldn't leave a purse out like that. Not when you don't even lock the doors.

LAWRENCE

What? Oh, don't worry about it.

LEONARD

Well, there's some sick people out there.

LAWRENCE

Come on, man, dinner is ready. Do you like lobster?

Lawrence leads Leonard into the dining room.
